PROGRAMS & SERVICES

Our local, state, and national programs serve every sector of a community.

BOULDER COUNTY RECYCLING

Eco-Cycle operates the Boulder County Recycling Center, ensuring singlestream materials are recycled.

CENTER FOR HARD-TO-RECYCLE MATERIALS (CHARM)

Eco-Cycle's CHaRM is the first facility to collect and market items not accepted in single stream recycling.

BUSINESS RECYCLING & COMPOSTING

We provide recycling and composting collection services to businesses across Boulder County.

RESEARCH & POLICY

Eco-Cycle's research and policy work guides communities in developing Zero Waste policies and recommendations.

COLORADO LEGISLATION

Our work at the state capitol to educate legislators on Zero Waste issues, help draft bills, and advocate for their passage.

COMMUNITY CAMPAIGNS

Our team works with residents and local governments to create change from the ground up.

ZERO WASTE SCHOOLS

We provide environmental education to over 55,000 students. Our Green Star Schools program helps schools divert up to 70% of their waste.

ZERO WASTE EVENTS

Eco-Cycle works with event vendors - including Juneteenth, Pridefest, and Slow Foods Movement, to divert and average of 81% of event waste.

ECO-LEADERS & EDUCATION

Our network of Eco-leaders - over 1,000 engaged volunteers - takes action on numerous campaigns, public education efforts, and events.

eco-cycle al IMPACT REPORT

How Eco-Cycle and our volunteers, partners & donors made a difference in fighting **CLIMATE CHANGE** & **SAVING RESOURCES**

MAKING BOULDER COUNTY A ZERO WASTE MODEL

We gave **2,000** ENVIRONMENTAL EDUCATION presentations, impacting **54,000** STUDENTS & teachers.

54 public schools in Boulder County are enrolled in Eco-Cycle's GREEN STAR SCHOOLS program (36 more to go!)

Grew our active ECO-LEADER NETWORK to **1000+** strong in Boulder County.

93 million pounds

of material RECYCLED by Eco-Cycle in the past year

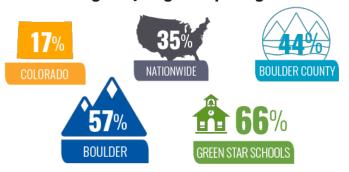

CHaRM

PROVIDING SOLUTIONS for 24 hard-to-recycle materials with 41,000 customer visits per year (& growing!)

PROPELLING ZERO WASTE ACROSS COLORADO

Average recycling + composting rate:

Helped pass FRONT RANGE WASTE DIVERSION FUND bill to provide grants to further recycling, composting & waste reduction

GROUNDBREAKING CAMPAIGNS

Launched COMMUNITY CARBON FARMING CAMPAIGN on urban lands

- Engaged 280 "Carbon Farmers" to do soil science in their backyards
- Made the case for a new countywide compost facility

Leading the charge to BAN UNNECESSARY SINGLE-USE PLASTICS

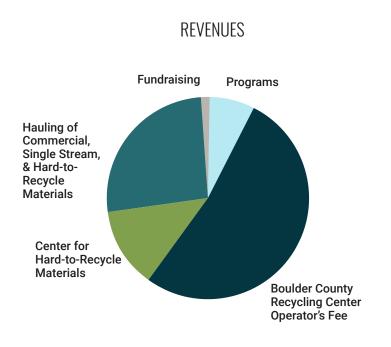

Working with legislators to remove the "plastics preemption" that prevents Colorado cities from banning unnecessary plastics.

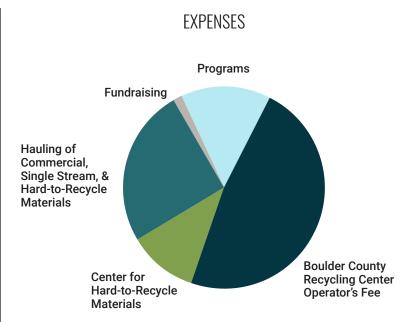

Fostering INDUSTRY-WIDE APPROACHES to reduce waste at BREWERIES & NATURAL PET companies.

FY 2018-2019 FINANCIALS

Eco-Cycle is a non-profit social enterprise, which means we conduct mission-based business activities (such as hauling and operation of the Boulder County Recycling Center and CHaRM), and use the revenue to fund our Zero Waste operations, education, outreach and advocacy work.

REVENUES		EXPENSES	
Hauling of Commercial, Single Stream, & Hard-to- Recycle Materials	\$2,073,498.68	Hauling of Commercial, Single Stream, & Hard-to- Recycle Materials	\$ 2,135,915.95
