

ANNUAL REPORT 2023 - 2024

Eco-Cycle's **Green Star Schools**[®] program builds on and adds to its School Recycling and Environmental Education Program.

The Green Star Schools (GSS) program introduces **compost** collection to schools, improves **recycling**, and puts a strong emphasis on **waste reduction** activities. It provides participating schools with extensive and ongoing support, feedback, incentives, rewards, and special projects. The Green Star Schools program is key to helping create **environmentally literate graduates**.

“ —

"Green Star Schools has been an exceptional resource and cornerstone of sustainability programming in many of our schools at SVVSD...Through compost education initiatives and nurturing partnerships within our schools, Eco-Cycle and the Green Star Schools program are actively fostering an ethos of sustainability within the culture of our schools."

- Curtis Leonard, SVVSD Energy & Sustainability Specialist

— ”

2023-2024 Highlights

GREEN STAR SCHOOLS®

66

**Green Star
Schools**

32,382 students

4,093 school staff

up to a **67%** diversion rate

“

For students in these schools, Zero Waste is part of their daily routine. Through their hands-on experience reducing waste, composting, and recycling, environmental conservation becomes less of an abstract concept and instead is the norm for these children.

- Ghita Carroll,
BVSD Sustainability and Energy Officer

”

NEW

GREEN STAR SCHOOLS

6 new Green Star Schools

3,955 students

445 school staff

The Green Star School launch process includes:

1. **Introductory Principal Meeting**
2. **Principal & Custodial Meeting:** to design the compost collection system and education delivery mechanism, discuss GSS launch logistics and a long-term plan for school community engagement.
3. **Student Group Meetings:** to encourage and support student leadership in the GSS program including an introductory meeting, cafeteria waste audit, and brainstorm of student group leadership/peer messaging.
4. **Faculty & Staff Trainings**
 - a. Faculty & Staff
 - b. Custodial (day and evening)
 - c. Kitchen
 - d. Lunchroom support staff/ paraeducators
5. **All-student education:** individual classes or grade-level.
6. **Lunchroom Monitoring:** for 3-6 weeks following student education, Eco-Cycle staff are on-site to help students learn new habits in sorting discards properly.
7. **Sorting Wheel Activities:** in lieu of a GSS launch assembly, Eco-Cycle now facilitates an activity during recess where students spin a wheel to decide if a discard item needs to be composted, recycled, or landfilled to receive a prize drawing ticket for gift cards to a local low-waste locations such as the movies or reuse stores.
8. **School Community Messaging:** including Eco-Cycle provided school announcements, a letter to the school staff, and a letter home to the parent community. New Green Star Schools also received a banner, poster, and/or custom certificate.

[View each school's new GSS launch materials here.](#)

Timberline PK-8: August 2023

Westview Middle: October 2023

Longmont High: December 2023

In addition to facilitating the sorting wheel activity and prize drawings during Timberline PK-8's Trunk or Treat, Eco-Cycle gave away **nearly 400 books from Eco-Cycle's CHaRMEd Books** program to students, staff, families, and neighboring communities!

Eco-Cycle created custom Green Star Schools certificates for Timberline and Westview, featuring student-designed logos.

At SVVSD Green Star Schools, Eco-Cycle also supports the education and implementation of SVVSD's **Food Share Stations**, feeding students while reducing food waste.

ST. VRAIN VALLEY SCHOOLS
academic excellence by design

ZERO WASTE EVENT KITS

New Green Star Schools in the Town of Superior and City/County of Broomfield received **Zero Waste Event Kits!** These kits include 30 reusable cups, plates, forks, spoons, and cloth napkins, significantly reducing single-use disposable waste during classroom parties & school events!

Superior Elementary: 9 Kits

Eldorado PK-8: 13 Kits

Birch Elementary: 3 Kits

Funding for Zero Waste Event Kits provided by the Town of Superior & the City/County of Broomfield, purchased & assembled by Eco-Cycle.

Superior Elementary: September 2024

Eldorado PK-8: November 2024

All Town of Superior schools have joined the Green Star Schools program!

Birch Elementary: April 2024

1st Broomfield Green Star School!

BROOMFIELD
Colorado

PROGRAM MAINTENANCE & SUPPORTS

To ensure a successful and sustainable Green Star Schools Program, Eco-Cycle collaborates with schools to provide annual education, on-site support, and maintain key staff relationships.

Annual GSS maintenance & support includes the following:

- 1. Zero Waste/Sustainability Advocate:** each Green Star School has a Zero Waste/Sustainability Advocate, a school staff member who facilitates communications and needs about the Green Star Schools program with Eco-Cycle.
**This year, SVVSD and Eco-Cycle introduced the Sustainability Advocate role to support the Green Star Schools program and SVVSD's sustainability goals. BVSD continued to have Zero Waste Advocates.*
- 2. Annual Education:** Annual education is essential to train and refresh Green Star students and staff. It focuses on how to sort recycle, compost, and trash correctly and ways to reduce waste.
 - **Student** GSS refresher education for K, 3rd/4th, 6th, and 9th grades to engage students at key moments throughout their schooling (with the option for refreshers for additional grade levels).
 - **School faculty and staff training** with the option for custodial, kitchen, and paraeducator staff training
- 3. New School Staff On-Boarding:** Introductory meeting with Eco-Cycle and new school principals, head custodians, and Zero Waste/Sustainability Advocates to discuss and answer questions about their role in the GSS program.
- 4. Lunchroom Monitoring Support**
- 5. Green Team & Student Group Supports**
- 6. Additional Student Refreshers and Assemblies** (upon request)

GREEN STAR SCHOOLS TOOLKIT

New this year, the GSS Toolkit provides access to all GSS benefits, resources, and materials, all in one location. It includes the following documents:

- Becoming a Green Star School
- Green Star Schools Program Maintenance
- Green Star Schools Benefits Flyer
- Waste Reduction Tips for Classrooms and Parties Flyer
- Student Group & Green Team Supports
- Compost, Recycle, and Landfill guidelines and printable signs

View the toolkits here: [BVSD GSS Toolkit](#), [SVVSD GSS Toolkit](#)

431 Green Star Schools presentations
for **14,001** students and **566** staff

64 School Staff Meetings & Trainings

4 GSS Refresher Assemblies

for New Vista High, Columbine Elementary (Boulder), Fall River Elementary, and Eldorado PK-8

403 Lunchroom Supports

Due to Eco-Cycle's record number of new Green Star School launches in addition to restarting composting at the majority of BVSD GSS, Eco-Cycle spent a significant amount of time on-site for lunchroom sorting support, training students right at the sorting bins.

30 Green Team Meetings

Including a series of presentations for Columbine Elementary's (Longmont) Green Team and for Westview Middle School's Green Star STEM class, dedicated to fostering student leadership for the GSS program at their schools.

COMPOST RESTARTS

ADAPTING TO NEW COMPOST GUIDELINES

Last year, regional compost guidelines changed to food scraps and plant trimmings only to reduce significant contamination challenges. To adapt to these drastic changes in the 2022-2023 school year, BVSD Green Star Schools limited compost collections to school kitchens to keep compost clean while SVVSD and Eco-Cycle worked together to adapt compost procedures in SVVSD GSS.

In the 2023-2024 school year, Eco-Cycle and BVSD collaborated on a plan to resume student participation in cafeteria compost collections (food only).

Eco-Cycle's Green Star Schools provided the following supports for all BVSD restarts:

- Student education in the form of in-person presentations and/or videos
- [School Staff & Parent/Community Letter to be distributed by the school](#)
- Cafeteria compost container(s) & labels
- Compost signs: posters, printed signs
- Upgraded recycling bins and signage throughout the school
- Lunchroom monitoring support for a week or more
- Staff & custodial training upon request

35 BVSD Green Star Schools (over 81%) are now composting in the cafeteria. The remaining schools will restart in the 2024-2025 school year. Additionally, **Sunset Middle School (SVVSD)** also restarted composting this school year after a hiatus during the pandemic. While a few schools opted for the [Composting & Sorting Lunch Leftovers video](#) option for education, most schools chose in-person Eco-Cycle student education.

At Boulder High, Eco-Cycle provided custom student education in the form of a longer video that was shown in science classes, followed by Eco-Cycle-facilitated hands-on review and sorting activities. Eco-Cycle staff were on site for more extensive lunchroom monitoring to support a more complicated high school lunchroom structure.

“ This is our chance to model to our students and staff that composting is important, and this is how to do it correctly, so when they're out in the community, they can continue that practice. ”

- Julie Thompson, Boulder High

142,711 lbs. of compost

BVSD GSS Aug 2023-May 2024*

Diverting valuable food scraps away from the landfill and helping to make soil amendments for farms and gardens!

*SVVSD Diversion data has not yet been reported by their hauler.

ZERO WASTE EVENTS

REUSE IS THE BEST WAY TO REDUCE!

The more restrictive compost guidelines implemented in April 2023 exclude certified compostable serviceware and paper products, including plates and napkins. This posed significant obstacles to hosting Zero Waste Events, such as school carnivals, dinners, and classroom celebrations. In response to this challenge, Eco-Cycle laid the groundwork for new Zero Waste Event Kits that feature reusable serviceware and napkins. These kits along with an overall emphasis on reuse are paving the way for a more sustainable and Zero Waste approach to school events and celebrations.

An important benefit of being a Green Star School is the ability to participate in Zero Waste Events. Eco-Cycle meets with event organizers to determine materials that are reusable or recyclable as much as possible. Eco-Cycle then provides staffing for events to help event attendees properly sort reuse, recycle, compost, and trash.

Eco-Cycle creates custom ZWE tips flyers for each event to share with families ahead of time, encouraging waste reduction at events, including tips to bring reusable bottles, utensil sets, and dinnerware. Click [here](#) for some examples.

The [Celebrate More, Waste Less Flyer](#) was also shared with all Green Star Schools and event organizers prior to party seasons to help users consider reusable and recycling options to reduce waste during school celebrations.

15 Zero Waste Events

Including all-school carnivals, dances, dinners, and sporting events

Reuse was a focus at the following events. Meals were served on reusable lunch trays or school reusables, and/or attendees brought their own reusable dinnerware for potluck-style cultural celebrations.

- **BCSIS Autumn Social**
- **BCSIS Winter Festival**
- **BCSIS Spring Carnival**
- **Eldorado Middle Halloween Dance**
- **Fireside Multi-Cultural Celebration**
- **Summit Middle International Night**
- **Whittier Heritage Night**

ZERO WASTE MINI-GRANT PROGRAM

All new this year, Green Star Schools were able to apply to Eco-Cycle's Green Star Schools Zero Waste Mini-Grant for one of four Zero Waste Event Kits. Green Star Schools also had the option to apply for funds to replenish or expand their existing Zero Waste Event Kit for up to \$125.

There was a very high level of interest in the Zero Waste Event kits, with schools expressing a strong enthusiasm for reuse to reduce waste during school meals, celebrations, and events!

Schools were awarded a Zero Waste Event Kit based on the impact on waste reduction for the entire school and the strength of the kit maintenance plan:

- **Centennial Middle School**
- **Columbine Elementary** (Boulder)
- **Columbine Elementary** (Longmont)
- **Eisenhower Elementary**
- **Gold Hill Elementary** received a custom reuse kit from the mini-grant funds, up to \$125, to better fit their small school setting and plan for daily use of reusables.

A kit includes 30 of each, stored in a reusable bin:

- **cups**
- **plates**
- **spoons**
- **forks**
- **cloth napkins**

WASTE-FREE LUNCH

Waste-Free Lunch: Precycle includes interactive activities that encourage K-8th grade students to **reduce** and **reuse** (precycle) before recycling and composting, as the best ways to make less trash! It includes:

- 1) Random prize drawing of \$100 for three schools that participate in student educational activities and
- 2) BONUS Reusable Utensils Contest in which schools can win up to an additional \$300!

Green Star Schools had the option to participate in two ways:

- 1) School-staff facilitate *Waste-Free Lunch: Precycle* pre-recorded videos, and follow-up interactive Kahoot quiz, differentiated for grades K-2nd, 3rd-5th, and 6th-8th or
- 2) Eco-Cycle presentation for grade-level or whole school assemblies for elementary schools, including fun, interactive follow-up activities, and a follow-up Kahoot quiz.

Schools earned one drawing entry for each grade level that participated and a bonus entry if all grades participated.

The **BONUS Reusable Utensils Contest** encourages students to return their reusable utensils to the cafeteria to be washed and used again! During the contest, a student sponsor group, with support from school staff or an adult volunteer, counted the cafeteria’s reusable utensils before and after a two-week (10 school days) period and reported the results to Eco-Cycle. Schools also had the option to promote a community utensil donation drive during these two weeks. Schools received points for 1) retaining the most utensils and 2) collecting utensils through a community utensil drive.

Eco-Cycle provided:

- *Waste-Free Lunch: Precycle* pre-recorded videos & activities and in-person presentations/assemblies:
K-2nd grade: [BVSD version](#), [SVVSD version](#)
3rd-5th grade: [BVSD version](#), [SVVSD version](#)
[6th-8th grade](#)
- An informational electronic flyer for the school community (in [English](#) and [Spanish](#)) about the eco-friendly initiatives their students were learning about and to offer at-home precycling and Zero Waste tips
- Pre-written school-wide announcements
- *Waste-Free Lunch: Precycle* posters for display in the school cafeteria
- Sample community utensil donation drive flyers

Additional supports upon request included: lunchroom monitoring, Green Team Meetings related to school waste reduction efforts, support in switching to reusables, [WFL Pledge Activity Sheet](#) for participants to track individual precycling goals, and a short tutorial [video](#) for students to make their own reusable cloth napkins at school or home.

8 Total schools participated

50 Whole grade-levels

2,374 Total students

3 Schools: BONUS Reusables Contest

Eco-Cycle met with Green Teams from Central Elementary and Whittier Elementary. Every student at Central Elementary completed a WFL Pledge and the Student Council made announcements to “Save the Spork” to remind students to return their utensils. Whittier’s 3rd grade class volunteered as “Eco-Cycle Angels” to help promote WFL and support with student sorting in the lunchroom. Some Green Teams even made their own posters and student promotion of Waste-Free lunch ideas!

School	# Participating Grade Levels	# Participating Students	Activities
BCSIS	6 (K-5 th)	300	Videos and Kahoots
Central Elementary	6 (K-5 th)	306	Videos and Kahoots, Green Team Meeting, Bonus Utensils
Eisenhower Elementary	6 (K-5 th)	305	Videos and Kahoots, Bonus Utensils
Fall River Elementary	6 (K-5 th)	500+	Assemblies and Kahoots
Horizons K-8	9 (K-8 th)	330	In-person presentations, Videos, and Kahoots
Lafayette Elementary	6 (K-5 th)	493	Videos and Kahoots
University Hill	5 (1 st -5 th)	350	Videos and Kahoots
Whittier Elementary	6 (K-5 th)	290	Videos and Kahoots, Green Team Meeting, Bonus Utensils
Total	50	2374	

LOCKER LEFTOVERS & CLASSROOM CLEANOUT

The end-of-school-year cleanup is a big task, and often creates unnecessary landfill waste. Eco-Cycle provides support in diverting valuable materials from the landfill through the **Locker Leftovers and Classroom Cleanout** programs.

[Classroom Cleanout](#) and [Locker Leftover](#) videos were also distributed to all 66 Green Star Schools.

During **Locker Leftovers**, Eco-Cycle staff set-up tables and collection bins near lockers to help students sort their locker items and school supplies for recycling and reuse. During **Classroom Cleanout**, participating schools hosted an exchange table for two days at the end of the school year for unwanted school supplies. School staff and students were able to select items for reuse.

Eco-Cycle collected and sorted remaining supplies that students and staff did not recycle or reuse and donated them to a few local schools and a Boulder thrift store.

**Funded by the City of Boulder and Town of Superior*

7 Locker Leftovers

Fairview High, Platt, Southern Hills, Summit, Centennial, and Manhattan Middle Schools & Eldorado PK-8

3 Classroom Cleanouts

Eisenhower, Mesa, and Niwot Elementary Schools

***Extra classroom materials were delivered to low-income schools in Boulder County:**

Centennial & Sunset Middle and Columbine Elementary (Boulder)

SPECIAL PROJECTS

NEWSLETTER & PUBLICATIONS

Green Star Schools News

The biannual newsletter *Green Star Schools News* was distributed to celebrate Green Star School accomplishments and share ideas between participating schools.

- Fall Newsletter ([BVSD version](#) & [SVVSD version](#))
- Spring Newsletter ([BVSD version](#), [SVVSD version](#))

Eco-Cycle Holiday Guide

The Eco-Cycle Holiday Guide (in [English](#) and [Spanish](#)) was distributed to all schools and the entire school community in BVSD through our Zero Waste Advocate contacts and all SVVSD Green Star Schools and their entire school communities.

The Story of a Tangerine

In celebration of Earth Month, Eco-Cycle created a [Composting: Story of a Tangerine video](#) that reviews composting benefits, how to compost right, and what happens to the food that goes in a school compost, featuring students across the Green Star Schools community!

CHaRMED BOOK PROGRAM

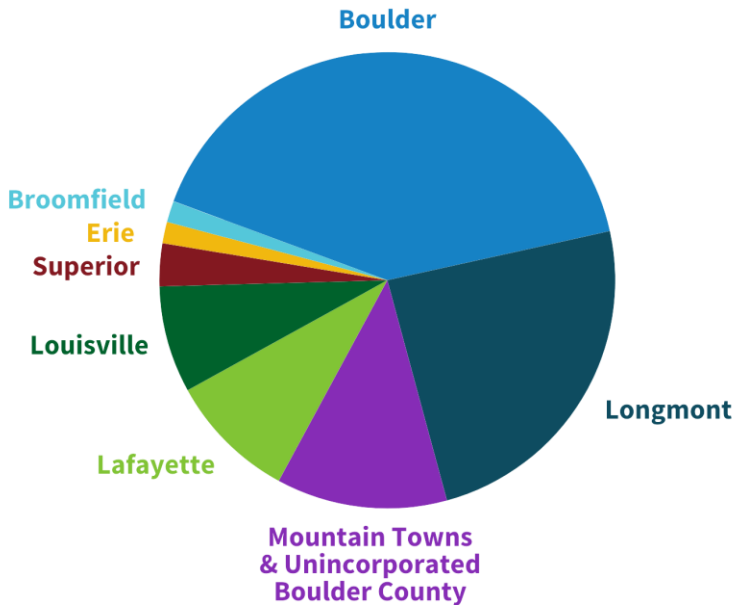

As a free benefit, Green Star Schools have access to thousands of books collected at the Eco-Cycle/City of Boulder Center for Hard-to-Recycle Materials (CHaRM) through Eco-Cycle's CHaRMed Books program. These books are sorted and delivered to schools, upon request, to be used for student incentives, school community events, and more, to reduce waste and promote reuse and literacy.

3,051 books gifted to Green Star Schools this year!

INCREASING ACCESS TO ZERO WASTE

Moving forward, Eco-Cycle is working to establish funding support and develop partnerships with more municipalities and school districts to expand access to the program, ensuring that the opportunity to learn about and participate in waste reduction activities is available to all the diverse student populations that exist in Boulder and Broomfield Counties and beyond.

68% of BVSD & SVSD public schools enrolled in the program:

- 41 Elementary Schools
- 11 Middle Schools
- 8 High Schools
- 4 PK/K-8s
- 1 Middle/Senior High School
- 1 Early Childcare Center

In addition to **expanding geographic access**, Eco-Cycle’s Green Star Schools program aims to increase accessibility in Zero Waste by:

- **Decreasing language barriers:** Eco-Cycle developed bilingual Spanish student presentation slides, supplemental activity pages, and all school community and family communications. Eco-Cycle’s bilingual educator also provided limited Green Star Schools bilingual presentations to Spanish-speaking classes.
- **Increasing outreach to all student groups:** Eco-Cycle offers Green Star Schools presentations to ILC (Independent Learning Classrooms)/Special Education classes during GSS launches and refresher education.

Thank you to our Green Star Schools Funders!
